

Science Inquiry Competition and Discovery Day

(Hosted at Crane Elementary School)

March 16, 2011 *Science Inquiry Competition/Discovery Day in Crane at Crane Elementary School*

All rural schools, K-8 meet at Crane Elementary School and High School Gym to set up their projects in preparation for judging. Grades K-2 will be exhibition only. While projects are being evaluated, students will attend classroom presentations in science, put on by special presenters. Prizes at the individual levels will be given following classroom presentations and general assembly. All participants will receive an event tee-shirt. Students will be provided lunch at the Crane Cafeteria.

Please read on for details:

Included in the information you will find:

- The entry requirements for projects.
- Benchmark 1, 2, and 3 guides/worksheets to aid in the development of projects
- Sample inquiry questions
